FEATURING MRI EQUIPMENT MR CONDITIONAL AT 7T OR LESS

MRlequip.com is proud to introduce MRI products that are MR conditional at 7 Tesla or less. Look for this identification through out the catalog.

YOUR SAFETY IS OUR BUSINESS

At MRlequip.com, our goal is to offer the most extensive selection of MRI products and accessories in the industry.

Who we are?

MRlequip.com was established to provide the highest quality non-magnetic equipment with price tags significantly lower than the current marketplace. In the past, it was a priority to clear the room of all ferrous materials that pose an immediate risk. Now, a majority of those items can be replaced, in extent saving time and creating a friendlier environment for both the patients and the providers. Beyond the standard items, such as wheelchairs, I.V. poles and stools, a new world of products has opened up. Ranging from sound systems to furniture, these products increase patient comfort while decreasing concerns for injury and liability. At MRlequip.com, we are constantly researching new products and welcome any suggestions you might have. If you can't locate a MR Safe or MR Conditional product in our catalog or on our website, let us know. Our design teams are ready for their next challenge.

Our Mission

To provide a diverse line of non-magnetic and non-ferrous equipment that meets the safety standards and satisfaction of your facility's needs.

What can we do for you?

Upon initial contact we will customize a package based upon the procedures performed as well as the strength, weight capacity and brand of MR system(s) used. We will take into account specific product requests and determine the most cost effective solution to our customers needs. We present a quotation on a full custom package including freight, rather than a pre-packaged kit that is incomplete and contains items that may go unused. We specialize in custom non-ferrous products that may require additional time for production.

We will provide the necessary lead time and discuss a final purchase order date that will allow for delivery before a grand opening or re-opening. Once a purchase order has been received, upon the customers request; we may hold all products to be delivered at one time or have it delivered as available. Products in stock at the time of order will be immediately tagged for that order and held until the release date.

This eliminates the possibility of a stock item at order date becoming out of stock on the release date. We supply MSDS sheets on pertinent products for our customer's records. Two days before release date, we will contact our customer to verify they're ready for the delivery. If there is a delay in the facilities opening, we will hold the product until needed at no additional charge.

Above all else, we will take that extra step in providing our customers with knowledgeable advice, low prices, on-time delivery and excellent customer service. We recognize that each of these attributes are vital to a smooth transaction and a satisfied customer.

Tested and Certified Products

Our core products have been tested and certified for use in rooms with MR Systems operating at 7T or less. All of our products are tested either with a magnet or ferromagnetic detection system.

View www.mrisafety.com for more information on testing products, a list of tested medical implants, safety training, and other important safety information provided by a leader in MR Safety, Frank G. Shellock, Ph.D.

Safety is our Business!

Our dedication to safety begins at 7:00 AM every day of the work week - it is our livelihood. All products in our warehouse are checked on entry and then re-checked on exit. Products drop shipped from our manufacturers directly to your door are brought in randomly and re-tested for safety verification. We continually work with all manufacturers to ensure safety and proper designation.

FDA Approved

(FDA) is responsible for regulating medical devices in the United States. The FDA has a rigorous process for approving medical equipment before it can be marketed and sold to the public.

MRI Non-Magnetic Extra Wide Lab Cart

The MRI Extra Wide Lab Cart provides 36 x 18 1/2 inches of extra-wide mobile bench top space. This cart gives you an easy to move bench top and storage area. Whether you are in a hospital, urgent care facility, physician's office or imaging safety center, professionalism and organization are key to your success. The MRI Extra Wide Lab Cart provides three oversized drawers and a protected bulk storage area with sliding see-through door, unless color option selected and sits atop 3 inch casters. Its easy mobility and professional appearance will create instant neatness in your MRI Lab or facility.

17 7/8" L x 36" W x 33 1/2" H

Features:

- Nonferrous extra wide lab cart
- Economical
- White polyethylene and ABS
- 3 Oversized drawers
- 2 Keys included
- Clear PETG plastic viewing door
- Seamless one piece top
- Built in handles
- Large bulk storage area
- 3 inch casters, 2 braking

Model	Des.	Description	Price
PC-2473		Extra Wide Lab Cart	\$1,700.00 ea.

MRI Cayman Lab Island Cart

MRI Cayman Lab Island Cart is designed for those who need a large amount of storage and workspace. The integrated locking mechanism can be locked with the use of a padlock (not included) that keeps the tambour door securely locked in place until the lock is disengaged allowing the door to roll up and into the cart.

23 7/8" L x 47 3/4" W x 35 1/2" H

Model	Des.	Description	Price
PC-1472		Cayman Lab Island Cart	\$3,700.00 ea.

MRI Maui Lab Island Cart

MRI Maui Lab Island Cart offers the best of both worlds with liberal storage and work space and a small foot print. Extra large five-inch rubber casters make pushing it a breeze and the high-density polyethylene construction means years of likenew service. The integrated locking mechanism can be locked with the turn of a key that keeps the tambour door securely locked in place until the lock is disengaged allowing the door to roll up and into the cart. Even fully loaded, the Maui Lab Island can be easily maneuvered by one person.

23 7/8" L x 24 1/4" W x 35 3/8" H

Model	Des.	Description	Price
PC-1477		Maui Lab Island Cart	\$2,385.00 ea.

MRI Belize Lab Island Cart

MRI Belize Lab Island Cart is nonferrous to meet MRI Conditional requirements of magnetic imaging labs. The integrated locking mechanism can be locked with the use of a padlock (not included) that keeps the tambour door securely locked in place until the lock is disengaged allowing the door to roll up and into the cart. A mobile bench on wheels creates a chemically resistant durable reconfigurable work space. There are two completely separate sections each with one middle shelf.

23 7/8" L x 93 1/2" W x 35 1/2" H

Model	Des.	Description	Price
PC-1473		Belize Lab Island Cart	\$6,400.00 ea.

MRI Non-Magnetic Space-saving Cart

White Polyethylene MRI Core SP Space Saving Lab Cart is compatible for use within the sensitive magnetic imaging environment, keeping supplies mobile and organized. The cutaway ergonomic grab handles in the top make the Core SP easy to maneuver. Constructed from non-ferrous durable high density polyethylene and ABS and non-ferrous casters and screws. With Clear Door provides a large amount of extra storage and workspace in a small footprint.

19 1/4" L x 15 1/8" W x 33 1/2" H

Model	Des.	Description	Price
PC-2468		Space-Saving Cart	\$1,220.00 ea.

Features:

- Nonferrous core SP cart
- Polyethylene and ABS Plastic Constructuon
- Economical
- Bulk storage area
- Built in handles
- 52 LBS

MRI Core DX Cart

White Polyethylene MRI Core DX Lab Cart is compatible for use within the sensitive magnetic imaging environment, keeping supplies mobile and organized. The cutaway ergonomic grab handles in the top make the Core DX easy to maneuver. Constructed from non-ferrous durable high density polyethylene and ABS and non-ferrous casters and screws. Offers a MRI Conditional, non-ferrous, efficient way to safely sort, store, organize, lock and transport a wide variety of supplies. It has 3 full extension drawers, shelves and bulk storage features. Core DX allows it to be stored easily out of the way. Push and Pull with comfortable built-in handles.

19 1/4" L x 22 7/8" W x 33 3/8" H

Model	Des.	Description	Price
PC-2470		Core DX Cart	\$1,700.00 ea.

Features:

- Organizes and stores project supplies
- Economical MRI Safe Cart
- Polyethylene and ABS plastic construction
- 3 full extension drawers
- 2 Glove dispensers

MRI Locking Roll-Top Cart

A durable high density polyethylene frame made just for the harsh laboratory environment and easy-to-use roll top door make this cart a great choice. Smooth rolling tambour door features plastic slates to travel smooth up and down the tracks. Top is also HDPE for chemical resistance so it gives years of good looking service.

19 1/4" L x 12 1/4" W x 34 5/8" H

Model	Des.	Description	Price
PC-1471		Locking Roll-Top Cart	\$1,300.00 ea.

MRI Access / Egress Organizer

Storage for personal gear or for entry or exit. Space for gloves, safety glasses, protective clothing and changing area supplies. Light, white, room-for-everything and built for maximum ease in and out of the lab. Hinged acrylic doors allow easy stocking and viewing of supplies. Fabricated design to hold lab gear and keep your clothes and personal items off the floor. Entire organizer is wall mountable and easy to install with built-in key holes, so you'll go from the office to the lab in no time. Features one shelf, four safety glass cubbies, 3 covered compartments, a glove box dispenser and three hooks. Mounting hardware NOT included.

18.125" L x 7.2" W x 19.875" H

Model	Designation	Description	Price
PC-1137		Access / Egress Organizer	\$399.00 ea.

MRI Core Cart Extended Top with Sliding Door

MRI Core Cart Extended Top with Sliding Door is compatible for use within the sensitive magnetic imaging environment, keeping supplies mobile and organized. The cutaway ergonomic grab handles in the top make the Core DX easy to maneuver. Constructed from non-ferrous durable high density polyethylene and ABS and non-ferrous casters and screws. Provides flexible, extra storage and workspace with an extra-large 29 x 19 inch work surface.

19 1/4" L x 28 7/8" W x 33 3/8" H

Model	Des.	Description	Price
PC-1480		Core Cart	\$1,800.00 ea.

MRI Non-Magnetic Non-Sparking Safety Padlock

MRI Non-Magnetic Non-Sparking Safety Padlock for use in MRI environments, these padlocks feature a unique design that is an excellent way to secure tools and other equipment.

Model	Des.	Description	Price
PL-1000		Green	\$31.27 ea.
PL-1001		Red	\$31.27 ea.

MRI Breast Coil Utility Cart

MRI Breast Coil Utility Carts allow you to easily store and transfer MRI Breast Coils. These carts are MR Conditional to safely move in and out of your MRI Suite. This coil cart was designed to be the same height as MRI tables for easy lifting of the breast coil. This makes the entire process easy and convenient. They are designed with features that address issues such as MRI Suite safety, infection control, and ease of operation so that valuable time is not spent taking carts in and out of the room.

Model	Des.	Description	Price
PC-1600		No Coil Guard Set	\$3,350.00 ea.
PC-1601		With Coil guard Set	\$3,507.00 ea.

Single Caster & Block for Breast Coil Cart

Single Caster & Block for Breast Coil Cart will make your coil cart even more versatile. Designed specifically for MRI environments, these high-quality casters provide smooth and efficient mobility for your breast coil cart. Now you can easily navigate through your MRI suite, ensuring seamless patient care and streamlined operations. It is your ideal solution for ensuring effortless mobility and efficient operation of your MRI Breast Coil Utility Cart.

Model	Des.	Description	Price
PC-1602		Single Caster	\$171.12 ea.
PC-1602-04		Set of 4 Casters	\$575.00 ea.

6 Drawer Stainless Steel Cart

MRI Non-Magnetic Stainless Steel Carts have ample workspace as well as storage space. This 6 drawer stainless steel cart will ensure your MRI suite is efficient and organized. Also providing a convenient tabletop workspace that size can be doubled when opening the table drawer.

Drawer Dimensions:

- 11" x 21½" Drawers
- Two 3" Deep Drawers
- Three 4" Deep Drawers
- One 8" Deep Drawer
- One 11" x 13½" Table Drawer

Dimensions:

- 27" Wide
- 42" Tall
- 16 ½" Deep
- 5" Casters

Warranty:
1 Year

Model	Des.	Description	Price
TA-1061		6 Drawer Stainless Steel Cart	\$2,242.00 ea.

MRI Conditional ABS 5 Drawer Cabinet

MRI Conditional ABS 5 Drawer Cabinets are meticulously crafted to offer both functionality and safety in MRI environments. This cabinet is specifically designed to meet strict requirements of MRI suites, ensuring compatibility with magnetic resonance imaging equipment while providing ample storage space for essential supplies.

Features:

- 2 - 5" Locking Casters
- 2 - 5" Non-Locking Casters
- MRI Conditional

Warranty:

1 year on frame

6 months on casters and soft goods

Model	Des.	Description	Price
TA-1470		5 Drawer Cabinet	\$3,148.00 ea.

MRI Pediatric Crash Cart

MRI Pediatric Crash Cart is specifically designed for treating pediatric emergencies by using a multi-colored drawer labeling system comparable to the Broselow color coding method. Unlike traditional crash carts, each colored drawer of this cart has its own breakaway locking bar and plastic seal for easier restocking after use.

Warranty:

1 year on frame

6 months on casters and soft goods

Model	Des.	Description	Price
TA-1070		9 Drawer Crash Cart	Call To Order

MRI PVC Specialty Cart w/4 Shelves

MRI PVC Specialty Cart w/4 shelves is a versatile and durable solution designed specifically for MRI environments. Made from high-quality PVC, this cart ensures safety and functionality in sensitive medical settings.

Rubbermaid Platinum Utility Cart

Rubbermaid Platinum Polymer Utility Carts maneuver easily with the handles on each end. Four swivel casters provide mobility and help eliminate noise for use in offices and dining rooms. With the enclosed end panels, items are kept from falling off while being transported. The molded shelves will not dent or require touch up paint, and they resist corrosion. The polymer bus cart's surfaces are smooth to facilitate cleaning. It can accommodate up to 300 pounds at one time on three levels of shelving.
